"If these United States were a body, Kentucky would be its heart."

Jesse Stuart, Kentucky Poet Laureate 1954-1984

When you come to Kentucky, you cannot only see where the Kentucky Derby is run, where Kentucky Fried Chicken was created and where bourbon is distilled along the Kentucky Bourbon Trail, but also enjoy the Kentucky you don't know: explore the longest cave system in the world, visit the only place in the Northern Hemisphere where you can see a regularly occurring moonbow, tour the museum dedicated to the former heavyweight boxer known around the world as "The Greatest," and attend The World Equestrian Games when it comes to The Kentucky Horse Park in Lexington, KY September 25-October 10, 2010. Come experience our 'Unbridled Spirit.'
